***Winterstein v. Stryker Corp. Group*, Case No. 07-15042**
Rawlinson, Circuit Judge, concurring in the result:

JAN 08 2008

CATHY A. CATTERSON, CLERK
U.S. COURT OF APPEALS

I concur only in the result remanding this case to the district court. I write separately to emphasize that I do not join any suggestion that the district court should consider awarding additional fees on remand. I join the remand order for the sole purpose of allowing the district court judge to specify the reasons for his denial of fees.
